POPs Declaration

Persistent organic pollutants – Regulation (EU) 2019/1021

Valmadrera, July 2026

To all our Customers

SUBJECT: Absence of persistent organic pollutants (POPs) in the products supplied.

Dear Customer,

with reference to the legislation on persistent organic pollutants, the company

DELL'ERA ERMANN E FIGLIO S.r.l.

Via Santa Vecchia 82 - 23868 Valmadrera (LC) - Italy

VAT No. IT 00076670132 - Lecco Company Register 00076670132

Management systems certified to ISO 9001 - IATF 16949 - ISO 14001 - EN 9100

hereby declares the following.

1. Regulatory framework

Persistent Organic Pollutants (POPs) are organic substances that persist in the environment, accumulate in living organisms and pose a risk to human health and to the environment.

Such substances can be transported by air, by water or by migratory species across national borders, reaching areas where they have never been produced or used. For this reason no single State is able to manage the associated risks on its own, and coordinated international action is required.

The matter is governed by the Stockholm Convention on Persistent Organic Pollutants and, within the European Union, by Regulation (EU) 2019/1021 of the European Parliament and of the Council of 20 June 2019 (recast) and by the subsequent amendments to its annexes.

2. Declaration

The company declares that the products supplied do not contain substances listed in Annexes I and II to Regulation (EU) 2019/1021 in concentrations exceeding the limits set out therein.

This declaration is based on the nature of the materials used — carbon steels, alloy steels and stainless steels, with any applicable surface coatings — and on the information received from the suppliers within the supply chain, from whom an equivalent declaration of conformity is required.

3. Monitoring and updating

The company monitors the amendments to the annexes of Regulation (EU) 2019/1021 and undertakes to reissue this declaration, promptly informing its Customers, should such amendments entail changes to the statements made above.

We remain at your disposal for any further clarification and take this opportunity to send you our best regards.
