TSCA Declaration

Toxic Substances Control Act – Persistent, Bioaccumulative and Toxic (PBT) substances, Section 6(h)

Valmadrera, July 2026

To all our Customers

SUBJECT: Absence of PBT substances restricted under Section 6(h) of TSCA in the products supplied.

Dear Customer,

with reference to United States legislation on the control of toxic substances, the company

DELL'ERA ERMANN E FIGLIO S.r.l.

Via Santa Vecchia 82 - 23868 Valmadrera (LC) - Italy

VAT No. IT 00076670132 - Lecco Company Register 00076670132

Management systems certified to ISO 9001 - IATF 16949 - ISO 14001 - EN 9100

hereby declares the following.

1. Regulatory framework

Section 6(h) of the Toxic Substances Control Act (TSCA) requires the United States Environmental Protection Agency (EPA) to restrict the manufacture, processing and distribution in commerce of Persistent, Bioaccumulative and Toxic (PBT) substances.

The final rules adopted by the EPA cover the five PBT substances listed in the table below, whose typical applications directly concern the supply chain of the electrical, electronic and mechanical sectors.

Table 1 – PBT substances restricted under Section 6(h) of TSCA

Substance	CAS No.	Typical applications
Phenol, isopropylated phosphate (3:1) – PIP (3:1)	68937-41-7	Flame retardant, plasticiser and anti-wear or anti-compressibility additive in hydraulic and lubricating oils, greases, adhesives and sealants
Decabromodiphenyl ether – DecaBDE	1163-19-5	Additive flame retardant in plastic enclosures, wire and cable rubber casings, textiles, building and construction materials, aerospace and automotive parts
2,4,6-Tris(tert-butyl)phenol – 2,4,6-TTBP	732-26-3	Fuel additives, fuel injector cleaners, oils and lubricants
Hexachlorobutadiene – HCBD	87-68-3	Solvent in rubber manufacturing; hydraulic, heat transfer and transformer fluids
Pentachlorothiophenol – PCTP	133-49-3	Peptising agent used to make rubber more pliable in industrial applications

2. Declaration

The company declares that the products supplied do not contain the PBT substances listed in Table 1.

This declaration is based on the nature of the materials used and on the information received from the suppliers within the supply chain, from whom an equivalent declaration of conformity is required.

3. Monitoring and updating

The company follows developments in the relevant United States legislation — including the revisions introduced by the EPA for DecaBDE and PIP (3:1) and the related extensions of the compliance dates applicable to articles — and undertakes to promptly inform its Customers of any change to the statements made above.

We remain at your disposal for any further clarification and take this opportunity to send you our best regards.

Best regards,

DELL'ERA ERMANNO E FIGLIO S.r.l.

General Manager

Paolo Dell'Era
